

Ground Rules for Students attending the BAPIC Practicum Fair:

- Students meet with representatives for agencies that are approved by your school for your level of training.
- Please do not pass out your curriculum vita (CV). Agency representatives are busy, and it's important not to flood them with pieces of paper. Many agencies will have a sign-in sheet instead.
- Be your wonderful, professional self! Treat your conversations with agency representatives like mini-interviews.
- Be prepared with focused questions about training programs for Agency Representatives. Any other questions please see Field Placement Staff members from your school.
