

# BAPIC

BAY AREA PRACTICUM INFORMATION COLLABORATIVE

## **Ground Rules for Students attending the BAPIC Practicum Fair:**

1. Students meet with representatives for agencies that are approved by your school for your level of training
2. Please do not pass out your CV. Agency representatives will be very busy, and it's important not to flood them with pieces of paper. Many agencies will have a sign-in sheet instead.
3. Be your wonderful, professional self! Treat your conversations with agency reps like mini-interviews.
4. Questions to ask agency reps: bring your focused questions about programs to the reps, and other questions to Field Placement Staff members from your school.
5. Catering at the fair is reserved for agency and school reps, who have to be on site the whole day. Please do bring yourself to the fair in a well-nourished state!
