

BAPIC

BAY AREA PRACTICUM INFORMATION COLLABORATIVE

Ground Rules for Students attending the BAPIC Practicum Fair:

1. Before meeting with any site at the fair, check in with your school by joining their zoom room.
2. Update your Zoom name to include your school.
3. Meet only with representatives for agencies that are approved by your school for your level of training.
4. Do not send or share your CV with any sites. Many agencies will have a sign-in sheet instead.
5. Be your wonderful, professional self!
 - a. Treat your conversations with agency reps like mini-interviews.
 - b. Questions to ask agency reps: bring your focused questions about programs to the reps, and other questions to the appropriate contact at your school.
 - c. Dress as if you were attending an interview.
6. Ensure that you are well lit and your background is clean and only features things you would like a potential supervisor to see. We recommend the use of virtual backgrounds if you cannot ensure a low stimulation, professional background. Similarly, do not meet with sites while you are driving, walking or doing other activities.
7. Do not video or audio record any part of the fair.
